

Cramlington Learning Village Student AUP

All computers, peripheral equipment, software and accessible information at Cramlington Learning Village will be used exclusively to enhance and add value to the educational experience of the students, staff and the community. This acceptable use policy extends to the use of school provided galaxy tablets in school and at home.

User Agreement:

1. I will not engage in any abusive conduct that could result in damage to the computer equipment or data. I will treat the equipment with respect and care. I know that abusive conduct includes, but is not limited to, the following: loading or downloading illegal or improper files, modifying without authorization software or hardware, and installing viruses or data or programs that are harmful to any aspect of the computer system. I also agree not to harass others or use objectionable language.
2. I understand that the system administrators reserve the right to monitor and to delete any data/software loaded on a computer system or saved on external media that are property of the Cramlington Learning Village. I also understand that the system administrators reserve the right to limit or to deny access to the computer system if the rules are not obeyed.
3. I will not duplicate for private use, or for my personal gain, any software or files owned by the Cramlington Learning Village. I will uphold copyright laws.
4. I agree that the use of a password is limited to the person assigned that password. I will not share my password with anyone else for any reason.
5. I adhere to any additional regulations and monitoring that the systems administrators may implement.
6. I will not enter into or participate in any type of chat room, social network or instant messaging nor will I open, read, or send email or log into any personal email system during the school day. (If an unusual circumstance arises, a staff member may, at his/her discretion, allow a student limited access to that student's email).
7. Students found using the Cramlington Learning Village system in an unacceptable manner may have the right to access the system revoked. This includes playing games during lessons.
8. Students found guilty of vandalism may lose network privileges and be subject to criminal prosecution. Parents and/or guardians are financially responsible for acts of vandalism committed by their children. Vandalism is defined as any malicious attempt to harm or destroy data or hardware.
9. Cramlington Learning Village makes no warranties of any kind, whether expressed or implied, for the services it is providing. Cramlington Learning Village will not be responsible for any damages suffered, including loss of data resulting from delays, or service interruptions caused by the school's own negligence or the user's errors or omissions. Use of any information obtained via our network is at your own risk. Cramlington Learning Village specifically denies any responsibility for the accuracy or quality of information obtained through its services.

This agreement must be signed and returned to the school who will pass it on to Mr. Spoons

I have read and understand this agreement. I realise that if I do not sign this agreement I will not be able to make use of the school's ICT facilities. I will abide by this agreement.
